

Altec respects the work you do and is committed to providing the support you need. The SENTRY® Programs are designed to allow you to provide training and meet the formal requirements of OSHA, ANSI and ASME.

This flowchart can help employees comply with OSHA's requirements in 29 CFR 1926.1407 for assembly and disassembly of cranes around power lines. For more information refer to the OSHA standard.

Este organigrama puede ayudar a los empleados a cumplir los requisitos de OSHA 29 CFR 1926.1407 para el montaje y desmontaje de grúas alrededor de líneas de energía. Para más información consulte las normas OSHA.
