

**ALTEC INSIGHTS
FOR JEMS**

**SMARTER ANTI-IDLE
STARTS HERE**

UNLOCK THE FULL VALUE OF JEMS WITH ALTEC INSIGHTS

Altec Insights for JEMS puts actionable data at your fingertips, helping you understand your fleet performance and identify corrective actions to maximize JEMS use. Integrated into Altec Connect, these insights give you visibility into utilization, fuel savings and other important metrics, as well as access to remote diagnostics across your entire JEMS fleet. Smarter anti-idle starts with Altec Insights for JEMS.

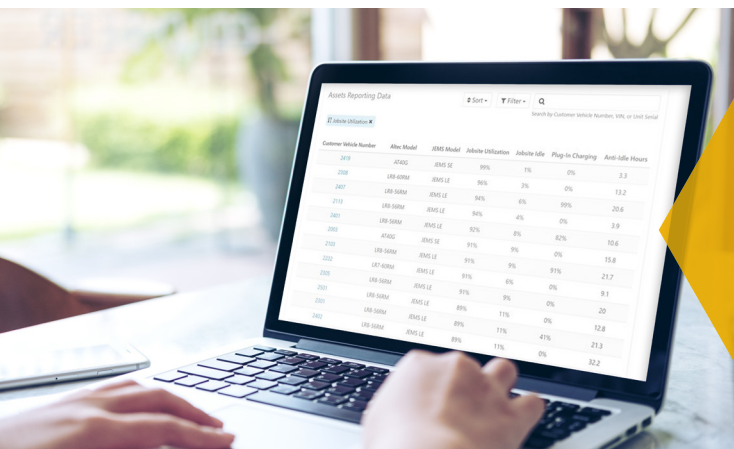

MAXIMIZE JEMS UTILIZATION

- Track fuel savings and identify missed opportunities for savings.
- Compare anti-idle hours with total jobsite hours by individual asset or fleet.
- Receive quarterly and annual reports with clear utilization insights.

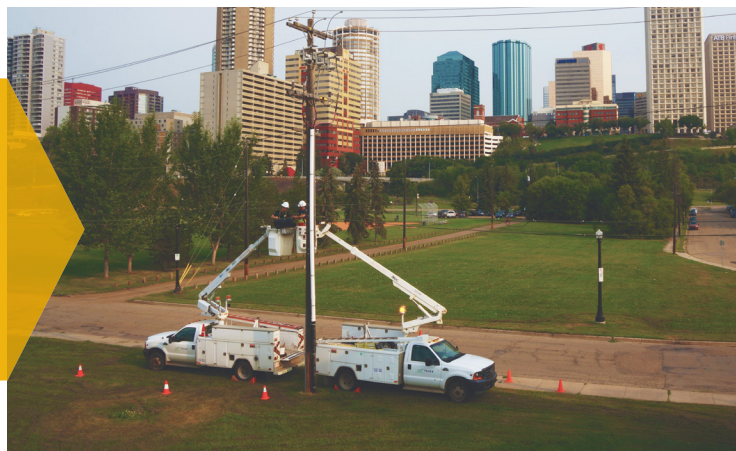

ACCESS REMOTE DIAGNOSTICS

- Diagnostic Trouble Codes provide easy to understand fault information including severity, potential impact and cause, as well as a recommendation
- View equipment remotely to understand whether a service call is necessary, saving time and money.
- Maximize battery health and longevity with battery and override event notifications, as well as suggested corrective actions.

GET A PICTURE OF YOUR ENTIRE JEMS FLEET

- View a list with metrics to identify high and low performing JEMS assets.
- Track emissions avoided and fuel saved across your fleet.
- Make decisions with confidence based on usage data, improving reliability and performance.
